Technology support tables available the first week of classes

During the first two days of the spring semester, IT staff will be located in many buildings to help with smart classroom support and other technical questions. They will have central locations in each building (see below) but will travel throughout the buildings to assist faculty with smart classroom technical issues. As always, faculty can call X-6911 for assistance, but we hope that the on-site support will provide immediate response to technical problems.

- BC first floor, lobby nearest MP
- MP third floor, center lobby
- HC second floor, near elevator
- SC third floor, opposite elevators
- FA third floor, near main plaza entrance
- GH second floor, in commons area
- LA fourth floor, near elevators
- SU second floor, across from Starbucks

Please spread the word about a new website: one.nku.edu

We have a new website to simplify the student online experience at NKU. One.nku.edu pulls the tasks and select websites that students use most into one simple portal. No more logging into several browser windows to access email, Blackboard, or myNKU. Now they can log into one.nku.edu once and access all the resources they use most. Please help us share this resource with students.

We will continue to add additional tasks (such as parking and All Card) as soon as they are ready for single sign on. If you have tasks that you would like included on one.nku.edu, please email our team at onenku@nku.edu.

By the way, even though this resource was created for student use, faculty and staff can log in to enjoy the benefit of single sign on, too.

Online W-2s

Online W-2 open enrollment will allow currently employed faculty, staff, and students the opportunity to receive their 2016 Internal Revenue Service Form W-2 online through myNKU Employee Self Service. Please visit the website (https://hr.nku.edu/payroll/online-w-2s.html) for detailed instructions.
The deadline to enroll to receive the 2016 W-2s online is Jan. 14. Please remember that Internet Explorer 9, 10 or 11 is recommended for optimal user experience in the myNKU portal. If you have any questions or concerns, please contact the payroll office at X-6326.

Electronic recode and interdepartmental bill process is now live

The new electronic recode and interdepartmental bill process is now live. Hard copy IB forms and email recode requests are no longer accepted.

Several training sessions are available and will be held in SL 235. Please visit http://pod.nku.edu/podreg/allevents.asp?sort=date to register.

In addition to training sessions, please also feel free to visit one of the competency centers during the times below. Competency centers are available on a walk-in basis and will provide one-on-one assistance with recode and IB transactions. All competency centers will be held in SL 235. Please bring supporting documentation; a scanner will be available if needed.

- January 9, 2017 – 9:30 a.m. – 11:30 a.m.
- January 10, 2017 – 1:30 p.m. – 3:30 p.m.
- January 11, 2017 – 9:30 a.m. – 11:30 a.m.
- January 12, 2017 – 1:30 p.m. – 3:30 p.m.
- January 13, 2017 – 9:30 a.m. – 11:30 a.m.

Mobile charging on the go with Oomf

Is your phone battery dead? We are piloting a new product during early spring semester to help.

Oomf is a portable disc that can charge any device using a micro USB or Apple Lightning cord. The concept is very similar to the bike share program already on campus. You can set up an account at https://oomf.it/, pick up a disc at a charging station, plug in your phone and return the disc to any base station within 24 hours.

The equipment should arrive shortly and we will be placing 12 base stations conveniently located near the existing charging stations.

During the pilot (Jan.-Mar.), this service is free to use as long as you return the device within 24 hours. Similar to the bike rental service, this service does ask for a credit/debit card when you create an account so Oomf can automatically charge you if the disc is returned late. The late return fee is $5 per day.

We will put more detail on our website when the equipment arrives in mid-January. Please note, this is a pilot and if this service isn't popular we may remove it after March.
